Quilter's Emporium's 2023 Quilting Cruise

February 26- March 5, 2023

Join Rose Ann Cook, owner of Quilter's Emporium of Texas, as she welcomes you aboard Royal Caribbean's Allure of the Seas for their 21st quilting cruise! Quilter's Emporium was the first quilt shop to utilize the historic port of Galveston for quilting cruises! Know from the start, that your vacation is managed by professionals that have your best interests at heart. Enjoy an ever changing slate of gifted teachers and special events on each cruise.

Our cruises are popular because new Janome sewing machines are provided for your use! You don't have to worry about hauling your own machine on your vacation! Our cruises have always been unique in that we value your varied interests. We offer you different classes to take every day. You don't have to take the same classes that everyone else is taking!

Our 2023 teachers are so excited to welcome you into their classes! First of all, Rose Ann has planned some fun projects that will give you a fast and effective result!

She also likes to teach wool applique, so she is planning at least one cool beach-y wool projects to entice you to work at a slower pace. After all, it's your vacay - right?

Welcome back to Heidi Pridemore, owner and designer for The Whimsical Workshop. You've seen her quilts in just about every quilt magazine out there! She also designs quilting fabric. Her company has to turn

around many quilts in a very tight time schedule to prepare for the twice annual Quilt Market. She will share a lot of her tips and tricks for speedy and accurate piecing.

We also welcome back our quilting friend, Linda Everhart! Linda was featured on Alex Anderson's "Simply Quilts" TV program and "The Quilt Show" showcasing her popular Fus-like technique.

Depending on how many quilting guests sign up for this sailing, we may add even more teachers! Stay tuned, but sign up soon. Cabins are limited!

Your classes, lectures, challenges, contests, etc, are all included in your cruise fee.

Class kit prices are extra as we don't know what projects you want to take. It is unfair for someone who wants to do small projects to pay the same as someone who will do large projects. You pay for the kits when you sign up for your classes. Kits range in price from \$30 - around \$100 or so. All kits are pre-cut for your convenience.
