

## QUILTING ANGELS

We have turned in our last mask donation! We gave 390 masks to Baylor teen clinics this week. Our total fabric mask donations from March through October, 2020 is (drum roll, please!) 4,705!!!!

Both Rose Ann and Vikky Agee, the person who delivered our masks to the Baylor clinics, said to thank everyone for your dedication and hours of work to make all of the masks. I will add my thanks to that as well. I personally made about 1,600 of those masks. Mary Wright made at least that many, probably more. We are both relieved to move on to something else now.

Quilting Angels will not meet again to sew quilts until the new year. Which month of 2021 will depend on the coronavirus. When we do meet again, it will be on the SECOND Monday of the month. I am working on trying to set up meeting a rep from an organization to donate twin quilts to them before Christmas. I will try to set it up one day while Quilter's Emporium is open, so anyone who feels comfortable can come to visit with her. I will announce it in the newsletter when the details are worked out.

In the meantime, I have SO many quilt tops needing to be longarmed! If you have helped with longarming in the past, but wanted a rest, please consider if you have rested enough to start helping us again. I also have LOTS of lap size quilts that could easily be machine quilted. If you can help with either of these things, please email me at [QEcharityquilts@gmail.com](mailto:QEcharityquilts@gmail.com).

I will no longer be dropping by Quilter's Emporium every Monday, so if you leave something there for me to pick up, could you please email me, so I will know I need to go by and pick it up? Thanks so much.

Susan
